memo for DD/I  
 Subject Possible Location for Satellite  
 Launching Site in Communist China

25X6A

25X6A

~~SECRET~~ A

25X1X4

report of 29 July states that a First  
 Secretary of the Soviet Embassy, [REDACTED]  
 said ~~that~~, with Soviet help, China  
 is preparing to launch a satellite.  
 The Geographic Division of OCEP, ~~in~~ while  
 studying possibilities for missile test  
 ranges in Communist China, has  
~~come up with an interesting~~  
~~study~~ has noted that ~~stated~~ <sup>stated</sup> requirements  
 for ICBM launching sites and geographic  
 factors ~~stand together~~ <sup>together</sup> reveal a  
 probable location such as which  
 the first so-called Chinese earth  
 satellite might be launched.
